

Facilitation and Communication Skills

WHERE THE
BEST
ARE TRAINED★

AIC'S FACULTY DO MORE THAN 'TEACH'. THEY LISTEN, PROVOKE AND CHALLENGE

Future Proof Learning★

Overview

In this workshop, participants will be introduced to the process of facilitation - its role and challenges. The trainer will provide participants with understanding on the importance of communication skills for teachers and strategies for good and effective communication skills.

Participants will learn how to shape meeting with team players parents and others; address group dynamics and how to follow through the process of facilitation. The trainer will also explore skills to support positive and good facilitation to use in classroom management and for Parent-Teacher Conference.
